

**BILLY CRUZ**

Quito

**How many siblings do you have?**

I have 3 siblings.

**Do you have any pets?**

I have 3 pets.

**What are your favorite pastimes or hobbies?**

Drawing and playing video games

**Studies**

**Academic program:** ARCHITECTURE

**School name:** indo-American University of Ecuador

**Graduation date:** 2026

**What work will you pursue with your program?**

Work as designer for a large company.

**The Foundation**

I met Margarita when I was studying at CMT; she taught health classes, and I met Mike when I was accompanying my sister while she was in charge of the homework club. DEOF supports me financially with what I need to study and also with additional classes to complement my studies. They've supported me with technological devices necessary to have online classes specifically with a laptop. DEOF is an organization that is more like a family where all of us can help each other in different ways.

**2024 Update:**

I am currently in the fourth semester of my architecture degree at the Indo-America University. My favorite subjects are those focused on design, since I have greater experience in the area of drawing and architectural design.

I have experience in participating in the construction of some architectural projects due to an alliance DEOF made with a large company, thanks to Rubén.
