What are your favorite pastimes or hobbies?

Play soccer

Studies

Academic program: Law

School name: Pontifical Catholic University of Ecuador

Graduation: 2028

The Foundation

I met the foundation at a conference they offered at my place of study, I was starting my last year of high school. Joining this foundation has been a great help, both of my parents do not have enough resources to be able to afford what I need to complete my university career.

All the people who belong to the DEOF foundation are always kind and supportive with any help that is asked of them. Not only do they worry about finances, they also worry about our physical and mental health, which are two very important things for all people when studying a university degree.

2024 Update:

I finished my first semester of college. I have encountered some obstacles that I was able to overcome with the support of the foundation. I volunteered during my vacations at the Father Juan and Madre Miguel foundation, this was something that filled me with great satisfaction.
