We have two dogs: Nala and Oreo.

What are your favorite pastimes or hobbies?

Draw, dance, make crafts, listen to music.

Studies

Academic program: Social Management and Development

School name: Pontifical Catholic University of Ecuador

Graduation: 2028

The Foundation

It all begins at the Working Boys Center, where I grew up, academically and as a person. Mike and Margarita met my parents because they were their students. Mike helped me with some math classes, specifically with the multiplication tables.

After a long time, when I was studying my first semester, because I obtained an 80% scholarship at the University, Mike and Margarita, together with Rubén, contacted me to talk about DEOF, there was great interest from the person who I am, and I will be in the future. I'm so grateful because my economic situation could have affected my studies.

2024 Update:

DEOF has supported me financially for my university tuition, English classes, mobility, food, materials and even a computer for my studies. They also gave me tools to improve my writing and reading with the support of Rubén.
